

Clothes Dryer Products

Dryer Drum / Bulkhead Air Seals

Appliance OEMs have come to rely on BMP's engineered non-woven material expertise. BMP's capability to meet and exceed our customers' rigorous requirements has placed us in a class by itself. With a variety of materials available, our focus on product innovation, improved performance and cost reduction has quickly made BMP the Appliance Industry leader for engineered textile products.

Working with our partners, BMP has developed materials that have enabled our customers to meet the stringent UL 2158 fire containment code for clothes dryers.

Materials Include:

- Polyester (*virgin & recycled*)
- Wool (*virgin & recycled*)
- Aramids
- Blends
- Vinyl
- Customs
